The Library has programming for all ages and interests. Kids can enjoy interactive self-lead stories and adventure on the library lawn every week. Nature hunts, art classes, and reading help is available for all ages. We have a wide variety of live-in-Zoom offerings for adults as well. Check our calendar for book clubs, lectures, crafting and cooking classes, and more. Enjoy your library program favorites from the comfort and safety of home.

HOMESCHOOL COLLECTION

We are thrilled to introduce the library’s brand new Homeschool Collection. As more of our library families are learning at home, be it homeschooling, pod or e-learning, we recognize the need for a collection that supports your efforts. The collection affords families the opportunity to create customized learning paths for learners, including curriculum support, subject resources, and so much more. This collection is available to all patrons with a valid library card. The collection is located right next to the fish tank in Kid City. Shiny new books and resources to set your learners on the right path and to provide parents and caregivers the support they need in navigating the “new normal” in education.

NOVEMBER READS

The Ickabog by J. K. Rowling
The Enigma Game by Elizabeth Wein
The Little Mermaid by Jerry Pinkney

No Time Like the Future by Michael J. Fox
